

# EXTENSIONS

## 2022 pricing

Did you know:

While in cosmetology school, I found a new love for extensions. After school, I worked in a salon and the bulk of my clients were for extensions. I think extensions are such an amazing way to spice your hair up for your special day! All of our hair is 100% Remy hair and equipped with a luxury lightweight band and u-tip pressure clips. This allows us to secure the hair into your hair comfortably.
